

MY HIGHWAY

Customer Portal

MyHighway customer portal is a one-stop digital storehouse of past and present load activity, important documents and much more. Providing innovative technology tools and solutions for our customers is another way that we deliver on our promise to remain safety focused and quality driven.

- One-stop digital storehouse, updated every 15 minutes, 24 hours a day
- Real-time tracking of cargo and temperature control monitoring via Temp Track
- Current and past load information and business activity
- Important documents such as bill of lading, delivery receipts and invoices
